<p align="center">PLAINTIFF RECUSES JEFFREY LANE FROM REPRESENTING THE DAM EAST HOMEOWNER ASSOCIATION AFFIDAVIT</p>	

COMES Now Plaintiff James W. Burneson Pro Se files the Motion stated above for the following reasons:

1. Mr. Lane is now employed with the law firm of Springer and Steinberg which is a law firm once represented Plaintiff James W. Burneson as a client. No one can represent the Dam East Homeowner Association from the law firm that once represented Mr. Burneson.
2. This employment of Mr. Lane was know to be illegal and so it was falsely claimed that Mr. Lane was to be located in Grand Junction and thus a fake Chinese wall could be claimed to separate Mr. Lane form the main law firm of Springer and Steinberg in Denver. This is all a lie by Officers of the Court. Mr. Lane's entire court appearances have been in the Denver Metro area in civil court and criminal court for Springer and Steinberg. Thus any appearance by Mr. Lane in any court in the State of Colorado is a fraud on the court.
3. The damage has been done and Mr. Lane's dismissal from Springer and Steinberg will not correct this violation of code of ethics. Dismissal from this law firm will not allow any further representation by Mr. Lane of anyone connected to the Dam East Homeowner Association, Directors, and property managers, and lawyers associated in the past with this association or any individual member of the Association.
4. Ms. Linda Springer is a resident of the Dam East Homeowner Association at 12646 E Bates Cir Aurora, CO 80014. She is the sister of Mr. Springer of the same law firm. Her membership in this association further means the law firm Springer and Steinberg cannot be involved in any representation of the Dam East Homeowner Association against Plaintiff James Burneson their past client.
5. The actions of this law firm of knowingly by hiring Mr. Lane who has prosecuted Mr. Burneson for 7 years while representing the Dam East Homeowner Association when Mr. Burneson was a past client of the same law firm is grounds for disbarment of both partners Mr. Springer and Mr. Steinberg. Within one month of this date Mr. Burneson will be filing charges against this law firm asking the Colorado Supreme Court of Colorado to disbar both partners and Mr. Lane. This intentional fraud committed openly by these three lawyers cannot be condoned by anyone in the Supreme Court. It will be proven Colorado law is not just crooked it is worse because it is the most INCOMPETENT State of law under Chief Justice Mullarkey. It is so INCOMPETENT to the point justice is denied the public and protection is provided lawyers by judges from charges by the public. These three lawyers are without any code of ethics and consider themselves to be above the law and certainly above all citizens of Colorado.
6. There is to be no further contact by this law firm and anyone involved with the Defendant the Dam East Homeowner Association. No monies can be accepted by Springer and Steinberg for any legal services provided by Mr. Lane. Records of the Association will be subpoenaed for disbarment hearing. No payments to Mr. Lane from the Association under the table or by means of money sent to the law firm Patterson, Nuss & Seymour whose records will also be subpoenaed for the disbarment hearings.

7. Two unaffiliated lawyers must be retained to represent The Dam East Homeowner Association one for the Association and another for the separate representation of the Directors of the Association who are sued separately in this Complaint. See Rule 1.13 and Rule 1.7. Mr. Lane and Judge Spencer in collusion were going to allow the violation of these two rules in her court.

8. This court is under a motion to recuse Judge Spencer who can't rule on any other motions filed with this court until she rules on her being recused. A transcript of the hearing February 13, 2008 will be available Wednesday March 12, 2008 with copies to the court only. Mr. Lane is no longer involved with this lawsuit. Plaintiff will request a court date be set for a hearing on the motion of recusal of Judge Spencer unless the court makes the decision to accept the recusal without the hearing. I further suggest there be no ex parte communication between anyone in the law firm of Springer and Steinberg including Mr. Lane with this Court.

9. Notice is hereby given copies of everything including transcripts, motions, Complaint and any future hearings or trial in this litigation will be published on the Internet at www.court-house.com. It will also be included in detail in the Book titled 18th District Court of Arapahoe County "Justice Denied." This law firm has now earned a chapter dedicated to them.

WHEREFORE Plaintiff James W. Burneson requests a court with the jurisdiction and authority to rule on this Motion to require new lawyers be hired by the Defendant the Dam East Homeowner Association. Mr. Lane and the law firm of Springer and Steinberg are dismissed from any representation of anyone or any agent or the Association and or the Directors of the Defendants the Dam East Homeowner Association. No payments for legal fees can be made to the law firm of Springer and Steinberg by the Defendants for any services performed by Mr. Lane or any staff person in the law firm.
